THE NEW YORK LANDMARKS CONSERVANCY

About the Award

The New York Landmarks Conservancy inaugurated the Chairman's Award in 1988 to recognize exceptional individuals, organizations, and businesses that have demonstrated their dedication to protecting New York's architectural legacy.

About Us

The Conservancy's singular mission for nearly fifty years has been the protection of New York's built environment – from the iconic buildings that define the City's spectacular skyline to the diverse neighborhoods where we live, work, and play.

We are a strong voice for sound preservation policies. We are also the only organization that empowers New Yorkers with financial and technical assistance to restore their historic homes, cultural, religious, and social institutions. Our grants and loans of \$53 million have mobilized more than \$1 billion in some 2,000 renovation projects throughout the State, revitalizing communities, creating economic stimulus, and supporting local jobs.

While most of our work is with individual homeowners and other nonprofit organizations, our achievements have included such high profile projects as the Alexander Hamilton U.S. Custom House, Moynihan Train Hall, Fraunces Tavern block, Federal Archive Building, Astor Row, Ellis Island, and the establishment of the Lower Manhattan Preservation Fund following the terrorist attacks of September 11th.

We are proud of our efforts to preserve the City we love.
